

DAMON SYSTEM ADVANCED COURSE WITH DR. PIETER VAN HEERDEN MAY 10 & 11, 2013.

Place: Opatija, Croatia, Hotel Milenij*** www.milenijhoteli.hr**

Dr. Van Heerden will provide a case introduction into Damon system through a lecture and by the use of a "Hands-on" typodont Exercise for orthodontic practitioners. This exercise will take each doctor through a complete bonding procedure. Each participant gets full Damon Q patient kit U/L and typodont to take home.

Theoretical part of this course provides following:

- Plug and play orthodontics
- New insights into torque management
- Case management techniques for maximum efficiency
- Improved accuracy in your bonding technique
- Disclusion and early elastics: Inextricably linked
- Rebonding; Why not ?
- Class II treatment (Class II correction by combining fixed and functional appliances)
- Clinical cases
- How do I communicate the Damon system to our patients (how do I market the system)

Dr. Pieter van Heerden

Dr. van Heerden completed his dental training in 1984 at the University of Pretoria, obtaining a BChD degree. He then worked as a dental officer in the South African Medical Services as rank of Captain and was appointed head of Orthodontic service. Pieter was accepted into the MChd postgraduate training program at the University of Pretoria in 1989. In 1992 he completed the Bcom (Law) and MchD (Orthodontics) qualifications at the University of South Africa. In 1993 he moved to the UK where he now owns Harpenden orthodontic practice.
